How affordable is health coverage now?

The American Rescue Plan (ARP) represents the most significant expansion of the **Affordable Care Act** (ACA) since it was enacted.

Thanks to the ARP, premiums have decreased, on average, by \$50 per person per month and are \$85 lower per policy per month.

Four out of five enrollees will be able to find a plan for \$10 or less per month after Payment Assistance.

To illustrate how much the ARP makes health care more affordable, the following table shows the potential savings for a few common scenarios:

Scenario	Income	Monthly Cost Before American Rescue Plan	Monthly Cost After American Rescue Plan	Monthly Savings
Individual (45-year-old)	\$18,000	\$54	\$0	\$54
	\$30,000	\$195	\$85	\$110
	\$45,000	\$369	\$274	\$95
	\$60,000	\$511	\$425	\$86
Couple (60-year-olds)	\$30,000	\$132	\$24	\$108
	\$45,000	\$325	\$167	\$158
	\$60,000	\$492	\$360	\$132
	\$75,000	\$1,920	\$531	\$1,389
Family of Four (Two 40-year-olds, a 10-year-old, and a 5-year-old)	\$45,000*	\$193	\$32	\$161
	\$60,000*	\$379	\$158	\$221
	\$90,000	\$737	\$531	\$206
	\$120,000	\$1,445	\$850	\$595

*The children in this scenario would be eligible for Kentucky Children's Health Insurance Program (KCHIP).
